

BBC TV Topical Features Department
Executive Producer
Charles Miller

Yours sincerely

Thank you very much for making time to meet up and talk with me on my recent trip to the States. I was most interested to find out about SF Net and to put it into the context of my other research into developments in media.

I am now back at the BBC putting together a programme proposal which should lead to a special for BBC Television next year. If that happens I hope you will not mind if I contact you again when we come back to do some filming. Whatever the outcome, I know the information and insights I gained will certainly contribute in more general ways to my work as a producer with a special interest in these fields.

It was a pleasure to meet you. Many thanks once again for your time and your valuable help with my project.

Dear Wayne
